Subject: Updates on Viwentiaa 2026 Preparations

Good morning, Ma'am,

I am writing to provide an update on the preparations for the annual tech fest, "Viwentiaa 2026."

The stage and lighting arrangements have been completed, and the music system is currently being arranged. The food arrangements are almost finalised, and auditions for the dance and music committees have begun.

The remaining task is to finalise the costumes for the performances, which is currently in progress. We expect to have all the costumes ready by next Monday.

We will continue working on the remaining preparations to ensure that everything is ready before the event.

Thank you.

Regards,
P. V. Srisukta Hiranmayi
